I recently had the pleasure of working with Kristi for the notarization of my escrow documents, and I couldn't be more impressed with her service. She was incredibly organized and ensured that every detail was meticulously handled. Her attention to detail gave me great confidence that everything was being done correctly.

What truly set her apart was her friendly demeanor. She made the entire process smooth and stress-free with her warm and approachable nature. It's clear that she takes pride in her work and genuinely cares about her clients.
